### CARE INSTRUCTION

Clean Agora® fabrics with neutral soap in lukewarm water: we recommend to clean at a temperature of no more than 30°

Bleach may be used, in moderation: chlorine bleach will not affect the coloration of the solution-dyed acrylic fiber and it's for this reason acceptable for stubborn stain removal, including mildew. Chlorine bleach, strong chemicals or detergents will eventually affect the strength of any fiber or cloth, so it is better to use a diluted solution of one part bleach to twenty parts water.

Do not dry-clean

Air dry : do not use a clothes dryer

Iron at low temperature
